

Contents of Volume 23

- Anderson WP: An evolutionary model of growth in a two region economy 105
- Anderstig C, Mattsson L-G: Interregional allocation models of infrastructure investments 287
- Batten DF, Lakshmanan TR: Editorial 1
- Beckmann MJ: On the shape and size of market areas 81
- Carlén G → Sundberg L
- Cushing BJ: Use and misuse of the allocation rate in models of population migration 51
- Dendrinis DS: Growth patterns of the eight regions in the People's Republic of China (1980-1985) 213
- Dökmeci VF: Multi-plant location with respect to uniform pricing 29
- Fik TJ → Mulligan GF
- Fujita N: Input-output analysis of agricultural production quotas. A case study of the Hokkaido region 41
- Garofalo GA, Malhotra DM: Intertemporal and interspatial productivity differentials in U.S. manufacturing 121
- Goode FM: Rural industrial location versus rural industrial growth 59
- Haynes KE, Krmenc A: A sensitivity assessment of uncertainty in infrastructure expansion 299
- Hua C: Linking a housing vacancy chain model and a behavioral choice model for improved housing policy evaluation 203
- Ingene CA, Yu ESH: Optimal intervention policies for a region facing pollution-induced uncertainty 3
- Krmenc A → Haynes KE
- Lakshmanan TR → Batten DF
- Malhotra DM → Garofalo GA
- Mattsson L-G → Anderstig C
- Mulligan GF, Fik TJ: Price variation in spatial markets: The case of perfectly inelastic demand 187
- Oosterhaven J → Stoffelsma RJ
- Puu T: On growth and dispersal of populations 171
- Rietveld P: Infrastructure and regional development. A survey of multiregional economic models 255
- Schöler K: Competitive retailing and monopolistic wholesaling in a spatial market 19
- Shieh Y-N: Demand, location, and the theory of production 93
- Snickars F: Infrastructure: A treat for regional science research (*Editorial*) 251
- Stoffelsma RJ, Oosterhaven J: Social security benefits and interregional income inequalities. The case of the Netherlands 223
- Sundberg L, Carlén G: Allocation mechanisms in public provision of transport and communication infrastructure 311
- Vickerman RW: Measuring changes in regional competitiveness: The effects of international infrastructure investments 275
- West DS: Evaluating a supermarket relocation strategy using spatial competition analysis 137
- Yu ESH → Ingene CA
